PRAISE FOR *ON LEADERSHIP*

“No one can doubt the power of individuals to make a difference after reading Don Palmisano’s inspirational book. *On Leadership* is needed nourishment in a desert of cynicism and selfishness.”

—Philip Howard, bestselling author of *The Death of Common Sense*

“Informative and well-written, this book will appeal to managers at all levels looking to become effective leaders and will be especially helpful to those just entering the management arena.” —*Publishers Weekly*

Every day, leaders around the world make decisions that affect millions of people. Sometimes—such as Nelson Mandela and the fight against apartheid—our leaders inspire positive change on a grand scale. But at other times—such as the various leaders who failed to respond adequately to Hurricane Katrina—poor leadership yields disastrous outcomes. Anyone can claim to be a leader in times of calm, but crisis situations sift the true visionaries from the false ones.

Fortunately, effective leadership is a skill that can be taught, especially through the study of exemplary figures of the past. In each chapter of *On Leadership*, Dr. Donald J. Palmisano cites an example of positive or negative action as a source from which to glean essential leadership lessons. Here, readers will learn practical strategies for becoming true leaders. *On Leadership* provides crucial advice for those who aspire to become effective leaders in any position.

DONALD J. PALMISANO M.D., J.D., is a graduate of Tulane Medical School and Loyola Law School. Former president of the AMA, he serves on the Board of Governors of the National Patient Safety Foundation, the Board of Governors of Tulane Medical School, the editorial board of the Journal of Patient Safety, and the Board of Governors of The Doctors Company. He posts regularly at www.twitter.com/DJPNEWS and www.onleadership.us. He lives in New Orleans, Louisiana, and teaches leadership in medicine as Clinical Professor at Tulane.
